Warranty Disclaimer

Shade Sense Outdoor SA Hurricane Screens have been manufactured to comply with current Florida building codes: TAS 201, 202, & 203; ASTM E1886, E1996, & E330

The SA Hurricane Screens require local permits and inspections to perform to the tested standards. Failure to follow the prescribed installation procedures outlined in the engineered documents and/or failure to abide by proper permitting and inspection standards voids the warranty.

Hurricane screens are designed to protect property located behind the screen unit. If damaged occurs to an SA Hurricane Screen during a hurricane, it is considered an act of God and is not covered under this material and craftsmanship warranty.
